Summary

I'm a developer who is passionate about building responsive frontend products with scalable and maintainable codes. I aim at creating pixel perfect interfaces and full-fledged apps.. Skilled in HTML, CSS, JavaScript, React.

Experience

Frontend Developer

HNG Internship

Jun 2020 - Aug 2020 (3 months)

I worked as an intern at HNG internships for three months where I built websites to complete given weekly tasks. I implemented designs primarily using HTML, CSS and Javascript and also tested the code to ensure responsiveness.

Student Intern

FIIRO House

Nov 2019 - Feb 2020 (4 months)

I learnt how to fabricate metals to form products and I aided in building agricultural machineries in the workshop

Education

Obafemi Awolowo University

Bachelor's degree, Agricultural Engineering

2016 - 2022

Skills

Front-end Development • Cascading Style Sheets (CSS) • JavaScript • HTML5 • HTML • Front-end Coding • Bootstrap • React.js • Bulma (CSS Framework) • SASS
